HOW ALL NEUTRAL® PRODUCTS ARE MADE

According to the highest ethical & environmental standards

FROM COTTON

TO T-SHIRT!

WE LOVE OUR CERTIFICATES!

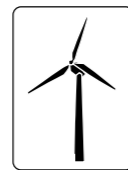

We have been doing this for 20 years. So, we know that making sustainable clothing can be tricky. But with the right certificates, it doesn't have to be. They guide us through the supply chain, from cotton field to final product, telling us what to do. And what not to do. That's why our certificates are more than just funky looking stamps. They are your guarantee that Neutral® products are made according to the highest standards in the world.

With 100% commitment to certified clothing, we can improve our planet, make workers healthier and give farmers hope... And 20 years later, we know that to create true change, you need to work with the best. That's why we love our certificates.

Biological fertilisers instead of chemicals

This means cleaner rivers and groundwater, enriched biodiversity and toxic free handpicking for farmers.

Production powered by renewable energy

Neutral® contributes to a cleaner environment and fights climate change. The energy in surplus from production gets directed to the local community.

Fairtrade isn't charity. It's an okay way to trade

Farmers growing Neutral® cotton receive a fair price for their crops. We believe that good partnerships begin with being fair.

Factory workers are hardworking people

It's okay when they have good, safe working conditions. By using SA8000, we know that's the case.

Treating, reducing and recycling wastewater

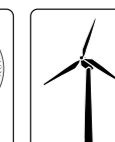

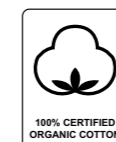

We use the most environmentally friendly dyes and continuously innovate the way we make clothing according to the highest standards.

Guarantee that Neutral® products are 100% okay

All our finished products get screened for hazardous chemicals and any other harmful substances, making sure we have okay clothing.
