# STROLLIN' MOOD

OR WHATEVER COMES INTO YOUR MIND

Elliot Bay, a sunny sky and a glittering blue ocean. What are you in the mood for today? A ferry ride to Bainbridge Island, paddle boarding at Puget Sound, kayaking at Lake Union or simply meeting up with good friends and slurp some good oysters?

With our Spring Collection 2018 all the above is within reach. Forget day-to-night dressing. This is about an urban and outdoor lifestyle, living moment by moment between sea, city and mountain.

It's a value long synonymous with Cutter & Buck, and our guiding light in creating great stuff for anyone who is longing for that authentic, relaxed, Pacific Northwest style.

A wide-angle photograph of a coastal landscape. In the foreground, a grassy, slightly eroded hillside slopes down towards the water. The middle ground is dominated by a large body of water with a shimmering, textured surface. In the distance, a small cluster of buildings and a pier are visible on the shoreline, nestled at the base of a steep, densely forested hill. The sky is a pale, clear blue.

The desolate beauty of a  
remote and undeveloped coastline  
is a thing that coast lovers can hardly  
resist. It's not a hike - it's a lifestyle.

## PrimaLoft® Silver Insulation

# Rainier Jacket | Rainier Vest

This superlight PrimaLoft® insulation jacket for all season use is surprisingly warm. We use PrimaLoft® insulation inside Rainier Jacket/Vest for its warmth, compressibility, and soft comfort. While the human body uses energy to stay warm, PrimaLoft® insulation uses a patented microfiber structure to help the body retain warmth and conserve energy. The proprietary ultra-fine fibers of PrimaLoft® insulation form a tight collection of air pockets that trap heat from your body and keep the cold out, providing an excellent warmth-to-weight ratio. When insulation gets wet, it loses these air pockets and consequently its insulating properties. PrimaLoft® ultra-fine fibers were developed to be water resistant so your insulation stays drier and maintains its insulating properties even when wet. Wear the jacket/vest as a lightweight top layer or link with Forks Rain Jacket or Lord Rain set to get a functional 2-in-1 combination. This versatile garment with plenty of pockets and hidden hood can easily be compressed into the hand pocket.

## Sustans® Dupont Sorona Fiber McChord Jacket

McChord got its name from the United States Air Force base in northwest Pierce County, Washington. This jacket is a rebirth of the classic flight bomber jacket originally named MA-1. The MA-1 was initially designed for the Air Force in the Mid-1950. Made out of high quality nylon shell fabric and the easy to zip jacket gave the pilots the perfect protection against cold conditions up in the air. Our McChord jacket has kept all the original elements such as durable nylon fabric, warming insulation and classic metal zippers. Keeping all the standards McChord is taking the bomber jacket to another level with attractive trims, modern mélange inside lining and functional insulation. The insulation is from Sustans® which is made out of renewable fibers from Dupont™ and Sorona®.

McChord Jacket, dark navy, Kennewick Rollerneck, grey melange, Bridgeport Chinos, dark navy

An aerial photograph of a coastal town, likely Seattle, situated on a peninsula. The town is densely packed with houses and buildings, surrounded by lush green trees. The town is bordered by a body of water on three sides. In the background, a large body of water stretches towards a distant, hazy shoreline. The sky is overcast and grey.

Thanks to the lush evergreen forest nearby, Seattle is referred to as the “Emerald City”. The people living here regularly take a refreshing hike for a dose of the great outdoors.

100% Coated Cotton

## Darrington Jacket

Crafted in a coated cotton fabric, this up-to-date jacket offers a stylish matte finish and light protection against rain and dirt. Refined diamond shape quilt inside the jacket. Four pockets on the outside stitched with precision and an inner pocket for your wallet or phone. Compared to leather and waxed jacket this fabric with rubber-like finish is a versatile daily garment that can withstand home laundry. Men's jacket is tailored to cover the length of a blazer. Ladies jacket comes with a removable waist belt. Allover metallic buttons and details for a real fashionable moto look.

## PRIMALOFT®

### PrimaLoft® Silver Insulation and PrimaLoft® Black Insulation Eco

are world-leading synthetic insulation materials. They outperform other competitive synthetic insulations, trapping the heat better in both wet and dry conditions. All PrimaLoft fibers are specially treated with a proprietary finish that prevents them from absorbing moisture and keeps the fibers very dry in wet conditions, which is key to help the body retain a comfortable temperature, staying warm and conserve energy.

PrimaLoft® Black Insulation Eco is made out of 60%-recycled post-consumer materials.

## VENTAIR®

Vent Air represents the latest in cutting edge fabric technologies. It offers wind and water proofing in combination with excellent ventilation and moisture transport. Vent Air Wind provides protection in chilly conditions with low bulk and a soft comfortable finish.

## SUSTANS® DUPONT™ SORONA®

Sustans® Dupont™ and Sorona® is made out of renewable fibers. The Sustans® production process is using 30% less energy and consists of 37% renewable fibers compared to common insulation materials.
